IT'S FIESTA TIME – AGAIN!

Welcome Longhorn Breeders & Friends to the **2nd Annual Glendenning Fiesta Sale**

Reflecting on our journey in the Longhorn industry, we fondly remember attending the legendary Fiesta Sale at Red McCombs Ranch back in the mid-'80s. The experience was nothing short of surreal—a setting filled with mariachi bands, margarita stations, and the excitement of top breeders arriving, some even by helicopter. It was an unforgettable introduction to the world of Longhorn cattle and the unique people that make our breed so special.

Fast forward four decades, and we are honored to continue this tradition with the 2nd Annual Glendenning Fiesta Sale. This event is our tribute to Red McCombs, honoring his enduring legacy and the profound impact he has had on the Longhorn breed.

We are grateful for each of you—our friends, fellow breeders, sponsors, and consignors—who have helped make this event possible. Your dedication and willingness to **DIG DEEP** to bring top-tier cattle to this sale means a lot, and it truly reflects the heart and soul of our Longhorn community.

As we gather along the historic Shawnee Trail—where countless Texas Longhorns once blazed the path north, shaping the legacy of the American West and providing Texas with its new currency post Civil War—we invite you to enjoy these exceptional animals, the warm fellowship, and the celebration of this special breed of cattle that continue to captivate us all.

We hope you find that **special heifer or cow** to add to your program and, more importantly, have a fantastic time while making memories at the **2nd Annual Fiesta Sale!**

May God Bless you and yours,

Ray & Sherese

COMMENTS: OCV'd. Boutique is a beautiful heifer with great confirmation. Her sire is RJF Lock and Load, who is a full brother to Heartbreaker and they are both out of the two longest total horn animals in the breed, M Arrow Cha Ching and Cowboy Tuff Chex. Both of these animals are also over 100 ttt. On the bottom side you have the beautiful Tri colored brindle dam Hubbell's Catch Boutique who weighs 1100lbs with beautiful Texas twist horns. Her pedigree also includes Bl Rio Catchit another over 100 ttt dam, along with Iron Mike ST and the great producer Cowboy Catchit. Boutique is tall, long and has perfect confirmation. This flashy heifer stands out in the pasture and is destined to turn heads, just like her True Black dam, Midnight Cowgirl CPL. COMMENTS: OCV'd. This is one of the most anticipated heifers in our program. Look at the horn direction on this gal. Her top side brings you the production of Fifty-Fifty BCB, a sire whose produced 3 daughters who brought \$210,000, \$200,000, and \$190,000. Along with Fifty-Fifty, you have Rex's Red Rose, the 3x Ultimate Cow and over 105" TTT and built like a rock, who's dam is the Max's Red Rose cow who was mid 90s TTT before her passing. Her bottom side is a beautifully brindle twisty-horned cow that stunningly stands out in a pasture. And this heifer is going to be just that, too. Bred for the entire package: body, horn set, beauty, milking ability. She measured 44.5" TTT at 18 months projecting her at mid 60s TTT at 24 months. She sells unexposed.

BREEDING INFORMATION: Exposed to DH Hired Hand from 12/15/2024 to 3/1/2025.

COMMENTS: OCV'd. Big time sales deserve big time heifers, and this is a big time heifer! She may very well be the best JH Lightning In A Bottle calf to date. She has the frame to match her exceptional horn growth and the pedigree that predicted it all. Her sire was the first true black bull to go over 90" TTT, then did it again after knocking off over 4" of horn, and her dam exudes cow-power. She has been with the most powerful young bull in the breed, DH Hired Hand, which will make an electric calf. Don't miss out on this special opportunity!

BREEDING INFORMATION: Exposed to Jackson BCR from 1/1/2025 to sale date.

COMMENTS: OCV'd. NS Unexpected Feat is a FOUNDATION FEMALE for any program! Her maternal line is conformationally correct, big-bodied & produces lateral rolling twist. Her dam, Horseshoe J I'm a Cutie, is 90" +TTT and has produced 2 cash cows, including her maternal 1/2 sister, Horseshoe J NS, who sold for \$115K at the 2023 Legacy Sale. We have retained 4 maternal sisters and 40% of our herd is comprised of her dam's maternal genetics. Unexpected's sire, Powerwagon, weighs in at 1900 + lbs and his dam and granddam both are 90" + TTT. In 2023, his offspring made him 7th in the Futurity Money Earners List. She'll be bred to Jackson BCR, a son of the 90"+ TTT BR Cracker Jack and out of the 96" TTT D/O Miss Grande, for a Fall 2025 calf. This should be one special baby! With all this, it's not "Unexpected" that her foundation is rock solid!

She has tremendous conformation, bone, and depth to go with the 43.5" TTT at just 15.5 months. Her dam is a 90" TTT Gold Mine daughter that is an excellent producer and comes from the same great maternal line that produced the highest selling cow in 2018, PCC 50 Dimples, who's in the 90's TTT. She combines Drag Iron, Jester, Horseshoe J Example "402", Feisty Fannie, Shadow Jubilee, and Tempter. There is not a female in her pedigree that doesn't have a beautiful set of twisted horn. COMMENTS: OCV'd. Her Sire is Heart Breaker, the #1 producer of 100" TTT females in the breed. Her full sister, Silver California, made 100" TTT as a three year old. She is the #1 heifer that breeders ask about and she has not been for sale until now... This is as good of heifer as there is in the country. Great color, horn direction, and disposition. She has been exposed back to the bull, HH Never Forget, who has 86" TTT of downward horn. His dam, RM Pat, is over 90" TTT with the same horn set as Crystal. If I was looking for the top young female to build my future foundation around, she would definitely be on the list. Strong possibility that she will make 100" TTT as she is already mid 70's TTT and just a two year old... She is no accident, as her granddam is M Arrow Cha Ching, 104" TTT and 142" TH... DOB: 2/8/2022 PH#: 3/2 REG: C1339967

CONSIGNED BY: BRAZOS BEND RANCH + FAIRCHILD RANCH

Brazos Bend & Fairchild Partnership

BREEDING INFORMATION: Exposed to Dunn Wildfire from 4/26/2024 to 9/28/2024.

COMMENTS: OCV'd. Lucky Rosebud had tons of success on the futurity circuit in 2023 winning the majority of the classes she was entered in. She has rapid lateral horn growth that still haven't slowed down. She is an own daughter of Delta Lucky Ace and she raised us a nice grulla bull calf this past year and now is currently bred to Dunn Wildfire (Investment x Dunn Lucky Penny 107"+ TTT) and will probably calve before sale time. Rosebud is a true sweetheart that has had a halter on many times, will eat from your hand, and loves attention. She is a special animal and we hope to hear of her and her production for many years to come. We have retained her dam, granddam, and her baby sister for our breeding program.

BREEDING INFORMATION: Exposed to RJF Breaking Bad from 11/7/2024 to 1/10/2025.

COMMENTS: OCV'd. BG Amber is sired by legendary Rebel HR, out of BG Cinnamon Twist. Rebel is over 88" TTT and Amber's dam is 86.325" TTT and will soon roll over 90" TTT with an elegant twist. This extraordinary young female could be one of the best we have ever raised and should be over 75" TTT at 36 months. She hand feeds, has a sweet, gentle personality, and maintained her body condition during hot drought while pregnant! Amber has a beautiful udder, produces plenty of milk, and is an attentive mother. Take a look at the strength of her pedigree and realize this is a cow of legendary genetics.

BREEDING INFORMATION: Confirmed bred via ultrasound to Blue Moon GLR with heifer calf.

COMMENTS: OCV'd. This one stings. Here is a daughter of the amazing Century 100, who is a direct son of the \$380,000 3S Danica. She is carrying the same horn set as her grandmother. On the bottom you are going back to the Beast, who was known for fast and early horn growth on his calves. She is a very easy going female who you will love. To top it all off she is carrying a Blue Moon heifer calf. Can you imagine the color and potential there?

COMMENTS: OCV'd. RR Toast Crunch is a solid heifer with great conformation. She measured 60 5/8" TTT at just 26 months old, showing a lot of potential growth. Toast Crunch goes back to a leading producer of our herd, RR Swag Patrol. On the dam's side, she's out of RR Cinnamon, who goes back to Sam Chex and another great producer for us at 85 3/4" TTT, Cimmaron's Delight. We've decided to pair this heifer with an up-and-coming bull in our herd RR Delta Fi, who's giving you Delta Lucky Ace on top and our almost 85" TTT RR Expedite FiFi on the bottom half.

BREEDING INFORMATION: Heifer calf at side born 2/15/2025, sired by Jest A Cowboy. Exposed back to Jest A Cowboy for a possible 3-in-1 package!

COMMENTS: OCV'd. Bid with confidence on one of our best cows. Lazy J's Dixie is out of Fifty Shades Darker and sports almost 87" TTT of horn as a young true black cow. We have no doubt she'll hit 90" TTT. She weighs over 1400 lbs and offers size, beauty, and correct conformation. Dixie is stacked with genetics for horn and body coming from Fifty-Fifty BCB, Vanilla Milkshake, and Cowboy Tuff Chex. She tested negative for Johnes and BLV. Her disposition is perfect. We paired Dixie with our true black bull, Jest a Cowboy, and the pair couldn't have given us a flashier heifer that will sell at side. Here's your chance to not only grab one heck of a cow, but one of Cowboy's hard to get offspring, and a heifer baby at that! Dixie will be exposed back for a potential 3-in-1 by sale date.

BREEDING INFORMATION: Exposed to Rebel HR from 11/27/2024 to 2/14/2025.

COMMENTS: OCV'd. What a complete female. The combination of Tuff over WS Jamakizm descendants is as consistent as they come. Her dam, Illini Q B-B, is a herd favorite when folks visit the ranch with wonderful size and balance. She would be in her mid 90's TTT had she not tipped both horns. Granddaughter of Scott Simmons' Illini Brown Betty who is upper 90's TTT. We are retaining her dam and full sister in the program. We have her being covered by Rebel HR for a fall 2025 calf.

BREEDING INFORMATION: Exposed to PCC Cactus Jack to 1/3/2025 and Sheridan GLR from 1/4/2025 to 4/25/2025.

COMMENTS: OCV'd. John's negative. RM Iconic Cowgirl was acquired from the legendary Red McCombs Ranch and it is very hard to sell her. She has performed well for us. We have two excellent heifers out of her by Edge of RM and PCC Cactus Jack, so it's time to let another breeder enjoy her legacy. She is 85.5" TTT in her 5th year and will easily continue to roll out into the 90's TTT. We have exposed her to PCC Cactus Jack (2023/2024 Ultimate Bull) in 2024 and Sheridan GLR (M/C/ Hangin Tuff- 102" TTT x Tsunamis Tuff Pearl- 100" TTT) in 2025 and pregnancy tests are pending at this time. Either bull will produce a spectacular calf. The lucky buyer will carry on the Red McCombs legacy with this purchase at the 2nd annual Glendenning Fiesta sale. BREEDING INFORMATION: Exposed to Jammin Rex from 11/15/2024 to 5/2/2025.

COMMENTS: OCV'd. This female will take any breeding program to another level! Measuring nearly 90" TTT right at her 4th birthday, of rolling beautiful horn. Her sire, Moon Dragon, produced the 2024 cash cow, Over The Moon, who sold for \$40K. Her dam combines this ranches recipe for twist (Tempter and Overchill). It took 4 clones to create this incredible female (Clone of Feisty Fannie, Shadow Jubilee, Miss Sue, and Capital Chill). She is confirmed bred to one of the coolest young bulls in the breed JAMMIN REX, who combines the 2014, 2015, 2016 ULTIMATE COW Rex's Red Rose 106" TTT, BL Rio Catchit 101" TTT, Cowboy Tuff Chex nearly 107" TTT, and his dam TTT JAMMIN' JENNY, measuring 99" TTT, making him the maternal brother to BR Jungle Jim 100" TTT and the incredible BR Cracker Jack 92" TTT.

COMMENTS: OCV'd. Very easy keeper, tons of color, and thickness. Lateral horns all day and pedigree says calves should also be lateral. We have her confirmed bred (ultrasound) to N8ive Legendz. This will bring in DLA and N8ive Dreamz into the pedigree on this calf. This is an easy guess on a future investment that will pay off.

COMMENTS: OCV'd. Big-bodied and big sweeping horn, Ruma is a Ringman daughter out of one of our best Mi Tierra Ranch bred cows. She measured just shy of 95" TTT in November with a ton of total horn. She is bred to Brazos Artemis, who was 3 years old this past fall and measured over 80" TTT. Artemis is out of Dunn Buckeye, out of the 100" TTT Dunn Lucky Dice. COMMENTS: OCV'd. We are bringing our very best to the Fiesta Sale! Picture Me Gold is a total package cow with a wow factor color to boot. She is a daughter of the big money producer, Gold Mine, and her dam, TCC Picture This, has produced a 95"+ TTT daughter and two herd sires for us. Picture Me Gold measured over 80" TTT at 3.5 years, at 4 years old, she has already measured 84" TTT and is predicting over 93" TTT. The maternal power is strong in this line. Picture Me Gold has been AI'd to WS Hydro, and then put with our Fifty-Fifty BCB son, R.E.D. Guardian. Guardian's dam is over 100" TH and produces the most consistent offspring we have raised in 29 years. You add in the undisputed Fifty-Fifty BCB and bam. COMMENTS: OCV'd. Outshine is a vivid red cow with a very unique downward angled horn set. She was sired by Struthoff Ranch's brindle herd sire, SR Clout 466, the 2019 TLBAA Horn Showcase Junior Get of Sire Award Winner, 2016 TLBAA Horn Showcase TTT and Composite Bronze Winner and Superior Award Winner. BREEDING INFORMATION: Confirmed bred to GF Bullseye.

COMMENTS: OCV'd. Temple Lane represents what our breeding program here at Glendenning Farms has strived to perfect over our 4 decades in the industry. This beautiful Drag Iron daughter has it all: color, conformation, and a gorgeous LATERAL TWIST! She is the special kind of cow to build a program around. A longhorn friend once told me to stop naming heifers after our granddaughters, it makes it too hard to sell them and he was correct. Last year we sold GF Winnie Marie and now GF Temple Lane who are both as beautiful as our granddaughters. Confirmed bred to GF Bullseye for an excellent mating bringing in some incredible animals like the 96" TTT Madison Leigh cow, ZD Kelly, and JP Rio Grande. This stunning cow is an all-around female to fit into any herd, she is as good as they come. We are retaining two heifers as replacements.

COMMENTS: The Glendenning Fiesta Sale is an extension of the late great Red McCombs Fiesta Sale. While Red was the front man, for almost 50 years the mastermind behind the scenes was our good friend Alan Sparger. Before Alan passed, he insisted that we buy this cow -- how could we refuse? Alan said, "Lady is a full sister to the 100+TTT RM Sexy Drag Lady's dam (who is no more) sired by Drag Iron. Put her with a Drag Iron bull and thank me later." Lady is still in her prime pushing 96" TTT, and has been a great producer for us. She is a full sister to BR Dream On, who, at the time, was the second fastest cow to reach 90" TTT and is well on her way to breaking 100's TTT. On her top side you bring TTT Jammin' Jenny, who is one of the top producing cows in the industry. COMMENTS: OCV'd. DH Pretty Ring is a drop dead gorgeous female supporting 95" TTT as a 7 year old. Her beauty earned her a spot on the cover of the June 2024 trails magazine. Looking at this female, she has the body, the conformation, the pedigree, and the milk to go along with her striking color. Her granddam is the Harvest cow, one of the first Butler females to hit 80" TTT. Another grandam is Poco Lady BL, the great Loomis cow that produced the Monica line! We are keeping a outstanding HL Higher Ground daughter out of Pretty Ring to replace her. She will be bred to the Easy E bull, bred by Jimmy Jones.

BREEDING INFORMATION: Exposed to PCC Cactus Jack to 10/6/2024 to 12/15/2024.

COMMENTS: OCV'd. Johne's Negative. This beautiful Hubbells 20 Gauge daughter is in her prime. She is 86" TTT at 5 years old and will be well into her 90's TTT next year. Besides horn and conformation, she has color (black & white), fertility (3 pregnancies at 5 years), good disposition (very calm), and pedigree (20G daughter out of our best maternal line- CC Sheza Whip ER Wil). That gives you consistency- something highly desirable in this industry. We hate to let her go but have two heifers for replacement. The best news is that she is confirmed bred to PCC Cactus Jack, the 2023 Legends Grand Champion Bull AND the 2023 & 2024 TLBAA HSC Ultimate Bull. Her calf is due August 2025. This is a rare opportunity to buy an elite cow consigned to an elite sale that will add value to your herd for years. Go to www.gillilandranch.com for updates.

COMMENTS: OCV'd. An elite Longhorn sale requires an elite cow so here she is, from the top of our herd: BH PRINCESS TWO!! This young 91" TTT, daughter out of 95" TTT Patton HB, is calm, easy to work, and a great milker with a gorgeous sweeping horn set. Princess has been a spectacular producer for KDK Longhorns. Her first heifer, KDK Lucky Ducky, measured over 91" TTT before her 5th birthday. That is no coincidence, given the proven powerhouses in her pedigree, such as Patton HB, Top Caliber, and Jamakizm. But wait, there's more! Princess should have a KDK Wildfire calf at side by sale time. KDK Wildfire (co-owned with TL Longhorns and Whitlock Longhorns) is the HSC 2023 Jr Get of Sire winner, HSC 2022 Bull Alley High Semen Seller, and HSC 2020 Bronze winner. COMMENTS: OCV'd. FLURRY OF STARS is a big cow that brings it all: pedigree, conformation, and horns galore. Her sire, Rebel HR, needs no introduction to the industry, having produced many, many top selling cows, including the \$700,000 HR Rosette. Her dam, Kinetic Motion of Stars, is a legend, also being the first cow to officially measure 100" TTT at the TLBAA HSC in 2018 and then earning TLBAA Ultimate Cow three years in a row. Flurry measures 94" TTT and 124 TH. She is confirmed bred for a Summer calf to my young herd sire, Star Strike Force 1. She has produced two heifers, both of which I am keeping, and two bulls. Pam Watkins & Mike Crawford

BREEDING INFORMATION: Heifer calf at side born 1/5/2025, sired by Sniper. Exposed back to Tuff Caliber from 1/6/2025 to 4/30/2025.

COMMENTS: OCV'd. Here is a terrific 3-in-1 package with some amazing animals in her pedigree. This cow measured 85" TTT last fall. She has a heifer calf at side, sired by Sniper (90" TTT) and should be bred back to Tuff Caliber (86" TTT), who is a son of Cowboy Tuff Chex. She is an easy keeper with flat, twisty horns and a good mom. For more information, go to www.redpeakranch.com.

CONSIGNEE BY: LM LONGHORNS

BREEDING INFORMATION: Exposed to Marlboro Man LM from 10/15/2024 to Sale Date.

COMMENTS: We purchased Blossom at Red McCombs Fiesta Sale, and she was the high-selling lot in the Glendenning sponsored Heifer Sale that year. She's bumping 90" at only 6 years old and is an outstanding producer - just look at her 2024 heifer we are keeping - WOW! Blossom is probably the gentlest cow in our entire LM herd. She sets such a good example for the other cows. It is her greatest trait that she passes on to every longhorn in the herd. She will be greatly missed and we are hoping she goes to a good home. A fantastic cow for any longhorn breeder.

COMMENTS: OCV'd. Well-balanced daughter of the 107"+ TTT Cowboy Tuff Chex and out of the \$160k Awesome Trixie, who is just under 105" TTT. We are retaining two daughters from her and Rebel HR in our program to keep this influence which is very important to us. We have her safe in calf to BR Jungle Jim for a Spring calf in 2025.

CONSIGNEE BY: HICKORY CREEK RANCH

BREEDING INFORMATION: Exposed to MN 50 Shades of Grulla.

COMMENTS: OCV'd. As a striking daughter of the one and only, Drag Iron, she will stand out in every herd. Correct conformation and fancy color, great milker, and super gentle. Closing in to 90" TTT and a whopping 107" TH. She raises pretty and correct calves and is easy to handle. She is exposed to our outstanding grulla Bull MN 50 Shades of Grulla. Don't miss out on this gem.

CONSIGNEE BY: DIRTY SPUR CATTLE CO.
 Mike New

BREEDING INFORMATION: AI'd to M.C. Hangin' Tuff on 1/25/2025. Results announced at sale.

COMMENTS: OCV'd. Amazing, this female is originally from the legendary Stockton Burton ranch in Texas. She has a great body and perfect horn set to match. She is a Tempter, by Overdrive, pedigree that the Stockton Burton ranch was so famous for. She had a beautiful heifer out of the 93" TTT DSCC Cowboy Flair in December 2024 that we are retaining as a replacement. Stay tuned for the AI announcement in early 2025. Last measurement 87.5" TTT in December 2023. Updated measurement will be provided at sale.

BREEDING INFORMATION: Exposed to N8ive Legendz from 6/1/2024 to 10/15/2024.

COMMENTS: OCV'd. They always say, bring one of your best to the sale, well here she is! Her dam is a 90" TTT true black cow who is by the great Drag Iron and then her sire is none other than Fifty-Fifty BCB! I could stop right there, but this cow, not withstanding those stacked genetics, comes to you with the size and knockout color everybody is wanting to put in their herd. She breeds back every year and is an easy cow to be around. Her most recent Legendz daughter stays here.

BREEDING INFORMATION: Exposed to Tuff Caliber from 12/21/2024 to 4/30/2025.

COMMENTS: OCV'd. This elite cow has been a delight to own. She has a great disposition (eats out of your hand) and her horns measured 93" TTT last fall. She has proven her worth by providing us some outstanding offspring. Her pedigree includes some amazing legends in the Longhorn breed. She should be bred to Tuff Caliber (85" TTT), who is a son of Cowboy Tuff Chex. This is a great opportunity to have a foundation cow in your herd. For more information, go to www.redpeakranch.com.
